## Technical Skills

---

**Technology Stack** | HTML • CSS • Javascript • React • Bootstrap • jQuery • SASS • Node.js • Express JS • Git/Github

**Additional Skills** | Agile Methodologies (Scrum/Kanban) • Project Management Tools (JIRA) • UI/UX Principles • Responsive Web Design • Automation (Power Automate) • VS Code • Figma

## Professional Experience

---

### DXC Technology

*Business Consultant* | August 2020 – Present

- Deployed automation projects that decreased the processing time of tasks by up to 80% using a Robotic Process Automation tool (Microsoft Power Automate). These projects enhanced data integrity and service assurance.
- Piloted the Total Control Process Dashboard (Power BI) which aims to help leaders drive down the cost of the account by aligning costs to proper cost buckets.
- Provided knowledge transfer to new hires regarding the core process of the Data and Management Team.

### DHL Supply Chain Phils., Inc.

*IT Intern* June -September 2019

- Developed and documented an Inventory and Asset Management System.
  - *Technology stack: PHP, Laravel, HTML, CSS, Bootstrap, MySQL*

## Professional Development

---

### The Complete 2023 Web Development Bootcamp,

*Udemy* | Jan 2023 - Present

- Studied an in-depth web development course on Udemy, focusing on front-end technologies, including HTML, CSS, and JavaScript. Acquired comprehensive knowledge of building responsive and user-friendly websites, employing best practices and industry standards.

### Web Development Course

*Refocus E-learning Philippines Corp.* | Jan 2023 - Present

- Currently enrolled in Refocus Digital Academy's intensive boot camp program, specializing in advanced web development concepts and frameworks. Engaging in hands-on projects and working closely with industry professionals, I am further enhancing my skills in front-end development, including React and other cutting-edge technologies.

### Learn JIRA with real-world examples (+Confluence bonus)

*Udemy* | Jan 2023 - Present

- Currently learning JIRA Fundamentals on Udemy, gaining expertise in using JIRA as a project management and issue-tracking tool. Developed a solid understanding of JIRA workflows, agile methodologies, and effective collaboration within development teams.

## Education

---

**De La Salle University Manila**

Bachelor of Science in Information Systems

October 2019

## Projects

---

### Portfolio Website

- Designed and built a personal portfolio website to showcase projects and skills
- Developed a responsive layout using CSS Grid and Flexbox
- Incorporated ScrollReveal JS library for a visually appealing experience
- **Technologies Used:** HTML, CSS, JavaScript
- **Github Repo:** <https://github.com/gloriosorenz/my-portfolio>
- **Project Site:** <https://gloriosorenz.github.io/my-portfolio/>

### To-Do List App

- Built a fully functional to-do list application powered by Vite
- Implemented essential features such as task creation, deletion, and completion tracking
- **Technologies Used:** React, Vite, HTML, CSS, Javascript
- **Github Repo:** <https://github.com/gloriosorenz/todo-list-react>
- **Project Site:** <https://gloriosorenz.github.io/todo-list-react/>

### Movie App

- Created a movie application using React JS
- Integrated a movie list API to fetch data
- Incorporated ScrollReveal JS library for a visually appealing experience
- Used gh pages to deploy the application
- **Technologies Used:** React, HTML, CSS, JavaScript
- **Github Repo:** <https://github.com/gloriosorenz/movie-app>
- **Project Site:** <https://gloriosorenz.github.io/movie-app/>

### News Website

- Built a news website based on a ready-made design from Figma
- Created a mobile responsive user experience using Flexbox
- **Technology Used:** HTML, CSS, SCSS, Javascript
- **Github Repo:** <https://github.com/gloriosorenz/news-website>
- **Project Site:** <https://gloriosorenz.github.io/news-website/>
